

Discussion Group P18/T18: Motors & Drives

Leaders:

- Kevin Kisor (MAN Diesel & Turbo)
- Luis Velasco Cohen Lade (Siemens Industry, Inc.)
- Kai Pietilainen (ABB)
- Ron Boyd (ABB)
- Bob Krusemark (GE)

Suggested Topics:

- Are induction or synchronous motors better suited for use with variable speed drives?
- Can a VFD be used as a soft-starter for large pump or compressor trains?
- What is the speed range (turndown) of an electric motor using a VFD?
- Can a VFD be added to an existing, installed motor?
